

# FLOW EXPECTATIONS

Flow Etiquette = Good Vibes + Safe Riding

## Mind the Line

No snaking - wait your turn

One rider on the wave at a time

Wait until the rider grabs their board and clears the wave before entering

## Mind the Clock

Don't be a wave hog

Take your run and rotate out

Keep sessions flowing for everyone

## Respect the Boards

No throwing boards

No boards on concrete

Share boards if there aren't enough for every rider

## Control Your Spray

Accidents happen - intentional spraying doesn't

Don't soak riders, staff, or the lineup on purpose

## Move Smart

No running

No sliding on walls or sides of the wave

Walk carefully at all times

## Good Vibes

Be encouraging

No trash talk or putting others down

## Instructor Authority

Always obey the instructors

Failure to follow directions may result in removal from the session
